

TIERRA DE VOLCANES

PUNA OF CATAMARCA

Terrain Series

CABERNET SAUVIGNON

In our Andes mountain range, in the northwest corner of the province of Catamarca, there is the biggest concentration of the highest volcanoes in the world. Our vineyard parcels in these Lands of Volcanoes express the essence of their origin. Cold winds and wide thermal amplitudes make our identity.

- **pH:** 3.75.

Description

This wine has an intense ruby red color with violet hues. On the nose it offers complex aromas, reminiscent of cassia, raspberries, interlaced with sweet spices such as black pepper and cloves. Intense and full-bodied, this remarkably elegant wine has a smooth texture and excellent balance. Its acidity and medium tannins give it a long and persistent finish.
