

TIERRA DE VOLCANES

PUNA OF CATAMARCA

Terrain Series

SYRAH

In our Andes mountain range, in the northwest corner of the province of Catamarca, there is the biggest concentration of the highest volcanoes in the world. Our vineyard parcels in these Lands of Volcanoes express the essence of their origin. Cold winds and wide thermal amplitudes make our identity.

- **Aging:** 8 months in second-use barrels.
- **Total Acidity:** 5.9 g/l.
- **pH:** 3.80.

Description

It is a complex wine, of great concentration, dark violet color with black nuances. On the nose, intense and complex, it presents aromas of ripe blackberries, plums and leather; with light notes of vanilla, tobacco and liquor. In the mouth, with a sweet impact at the beginning and great complexity. An ideal wine to accompany pasta and red meats, such as lamb, or simply to drink and enjoy.
